

We realize that sometimes it may be difficult for an individual to present a bullying or safety concern in person. District 204 now offers a way for students or parents to report legitimate safety concerns online at www.ipSD.org/tips. Whether your concern is regarding an incident that has already happened or one that is about to take place, please submit your concern and let us investigate it. Tips may include, but are not limited to, bullying, physical or verbal abuse, fights, use or sale of drugs, weapons, domestic violence, or any crimes against children. You may choose to report your concern anonymously. If you provide your name, efforts will be placed on confidentiality. Thank you for helping us enhance the overall safety and security of the District 204 school community.

Have a safety concern? Report it online at www.ipSD.org/tips
