Reflections Program

Rules & Information Packet

2009 – 2010

Theme:

"Beauty is..."

40 Years of Achievement in the Arts

For 40 years, the national PTA Reflections Program has encouraged students across the nation and in American schools overseas to explore their artistic talents.

The PTA Reflections Program is designed to enhance quality arts education for students in preschool through grade 12, encouraging them to create works of art in the areas of dance choreography, film production, literature, musical composition, photography, and the visual arts. More than 500,000 students participate through their local PTAs each year—millions over the course of the program's 40 years.

The Reflections Program helps parents encourage the creativity and lifelong learning of their children, and offers children recognition for their artistic endeavors.

Parents, teachers, and community members all play a critical role in providing a positive learning environment for children. Supporting the PTA Reflections Program is one way you can increase student achievement, foster student talents, and promote the arts in your home, your school, and your community.
